Local Gossip

County court next Monday.

Meet your friends at "Union Depot" June 1.

I will serve dinner next court day,
at my home on Water street. A good
meal, at low price.

Miss Lena Bright.

Mr J W King, of Louisville, sold a
car load of light bone Kansas horses
in this city last Saturday, the sale be-
ing conducted by Capt Ike M Dunn at
the stock pens. They averaged \$41.50

A Sad Accident.

In crossing the railroad tracks near
her home in Lincoln county, Miss Be-
atrice Engleman was instantly killed by
the train last Saturday. She was a
frequent visitor in Lancaster, and had
many friends here who deeply deplore
her untimely death.

The United Daughters of the Con-
federacy, will decorate the graves of
their old soldiers May 29th promptly
at 10 o'clock. Mr W C Young will give
the address at the cemetery, all inter-
ested are especially invited to be present
and to bring flowers. The old
veterans especially invited. U D C.

County Sunday School Convention.

The Garrard County Sunday School
Convention will meet in Lancaster
next Saturday morning, and a large
number of delegates will be present.
The session will open at 9:30 A. M., in
the Baptist church. At noon dinner
will be served to delegates and visitors.
The public is cordially invited to at-
tend the session.

A Fine Sermon.

The baccalaureate sermon delivered
at the Methodist church Sunday right
by Dr C F Evans, of Carlisle, evinced
a high degree of learning and culture
on the part of the speaker and was
well and favorably received by the
large audience. Prof Mannix is quite
successful in all his appointments, and
the people of Lancaster owe him a
debt of gratitude for securing the ser-
vices of such an able man.

Prosperity.

The closing exercises of Lancaster
Graded School, under the management
of Prof Mannix and his competent
assistants, reminds us of the fact that
we have one of the best schools in Ken-
tucky. We also have some of the best
lawyers and doctors in the county.
We have four Churches with large
membership. Every line of business
is represented by enterprising mer-
chants. Our roads are splendid and
our soil is very fertile. These and
many other advantages are inviting
immigration and property is bringing
good prices.

Too Dry.

It is not only true that the town is
so dry that liquor cannot be bought for
love or money, but the want of rain
has been very hurtful to several crops.
Meadows, hemp and oats have been
injured, but they may come out yet, as
Garrard seldom fails to have abundant
crops. We are all interested in the
welfare of the farmer as all wealth
comes out of the ground, in mining,
lumber or agricultural interests, and
the people only do when the farmer
does well. Abundant crops insure
low prices.

The Great Irish Orator.

Mr M J Flannigan, the great Irish
orator, will be in Lancaster May 29,
at the court house, 7:30 p.m. Mr Fan-
ning is an orator of national fame, and
has accomplished a world of good for
the cause of temperance. No admission
fee will be charged—everybody
cordially invited. You should hear
this great orator, and his talks are
different from the usual cut-and-dried
temperance lecture, and, while you
will be given a good talk on that all-
important subject, yet there is so
much wit injected that you will enjoy
every word. Remember the date
May 29.

Commencement Exercises.

The Christian church was crowded
Tuesday evening by friends and relatives
of the graduating class, of Lan-
caster High School, who represented
the high standard of culture and
learning hitherto maintained by Gar-
rard county, in a highly acceptable
manner, reflecting great credit upon
their families and the community gen-
erally. They certainly commence life
with superior advantages and will be
bright stars in the galaxy of the social
world. The graduating class is as fol-
lows: Miss Letty Mae McRoberts, Edna B Mason, Mary H Doty, Sophie
nia J Fox, Norma E Elmore, Messrs
Geo M Hendrickson, L Thurston West,
Horace L Walker, Logan R Smith,
Shirley Hudson, Holiday Clay Kauffman,
W. Bradley Johnston, Harry D Elmore, Bascom C Ford, John W Dunn. On account of the large num-
ber in class; only the following took
part in the exercises: Miss Letty Mae
McRoberts, subject, "The American
Ideal;" Miss Edna B Mason, "Lost Mo-
ments, Lost Life;" Thurston West,
"Modern Knighthood," Geo Hendrick-
son, "Education and Civic Prosperity."
The diplomas were delivered by Judge
Lyman Chaukley, President K U law
department, Lexington, and his ad-
dress was a literary gem. The music
was furnished by Mr W West, organ-
ist, Mr Jno M Farra and Mr John Ray,
and was greatly enjoyed.

Follow the crowd! They are all go-
ing to "Union Depot," June 1.

See the funny folks at the "Union
Depot." At Court House June 1.

Eld F M Tindler has returned from
Ghent, Ky., where he just closed a re-
stival, during which there were 24 ad-
ditions to the church.

John E Pounds, the noted evangelist
of Indianapolis, will assist in a pro-
tracted meeting to begin at the Chris-
tian church about Oct 1st. A noted
singer will also be engaged for the
meeting.

Eld Tindler will be away again next
Sunday, but the pulpit at the Christian
church will be filled by some other
minister, possibly Prof McGarvey, who
will preach both morning and evening
and at New Antioch in the afternoon.

Garrard County Home-Coming.

Many of our business men propose
having a home coming for Garrard
county people one day during the
Louisville gathering. They propose hav-
ing an old fashioned barbecue and
barbecue, at which all may enjoy them-
selves as of old. We suggest that some
organization be effected at once, or it
will be too late.

County Sunday School Convention.

The Garrard County Sunday School
Convention will meet in Lancaster
next Saturday morning, and a large
number of delegates will be present.
The session will open at 9:30 A. M., in
the Baptist church. At noon dinner
will be served to delegates and visitors.

tend the session.

To the Editor.

The people of our community owe a
debt of gratitude to Dr McCormack
for his expose of cheap cut rate doc-
tors, prescribing druggists and self
appointed ignoramuses who defraud
the people and do irreparable damage
to the public and to the medical
profession. The doctors appreciate
the good work being done by Dr McCormack in bringing medical matters
before the public in a true light. God
speed him in the good work until doc-
tors shall receive their just dues and
the public be so educated as to be able to
prevent the spread of all contagious
and infectious diseases. The doctor
will return sometime in the future to
give another lecture when he will be
greeted by an immense audience.

Employees in the north wing of the
Capitol witnessed a novel scene in the
Capitol ladies gallery Friday of the
rate bill. A few minutes before 10
o'clock a well-dressed, elderly woman
entered the gallery's swinging doors
and made her way to the front seats.
Drawing from her capacious shopping
bag a collection of silks and laces, she
placidly threaded a needle and pro-
ceeded the making of a waist. Even
after the galleries were filled and the
Senators had begun work she plied her
needle. Not until the routine business
was over and the rate bill was trotted
out did she put her sewing aside. The
interest now naturally centers around
the heated controversy in which the
President finds himself with Senators
Tillman and Bally and former Senator
Chandler since the rate bill itself is
settled successfully. President Roose-
velt has announced himself as pleased
with the measure, and so have rad-
icals and conservatives alike. Every-
body, indeed, is rejoicing that a prac-
ticable and finished piece of legisla-
tion has been accomplished, instead of
a tentative measure which would still
leave shippers and carriers up in the
air.

Dr McCormack's Lecture.

Those who failed to hear Dr McCormack
at the Christian Church Wednesday evening missed a whole-
some treat. His subject was "The Relation of the Medical Profession to
the Public." He was introduced to a
moderately large audience by Mr W. L. Williams in a graceful manner. The
audience gave him their undivided
attention from beginning to end.

The Doctor has been delivering lec-
tures over the United States in the
interest of the American Medical As-
sociation undertaking to elevate the
standard of the profession and improve
the public health. His vast exper-
ience as Secy of the State Board of
Health for 25 years, his acquaintance
with quacks and quackery eminently
qualify him to speak words of wisdom.

The Doctor spoke in an impressive
manner easily understood by old and
young, all of whom were pleased with
his eloquence and wit. Many facts
were stated to them that should make
them appreciate more fully the dignity
and honor of the profession, whose
members "are with them at their
birth, attend them during years of
adversity and prosperity and are with
them at their death." Such an ex-
position of the doctor should be of
service to the profession and the
public and should bring about a bet-
ter understanding and better pay for
the arduous labors of the often over-
worked physician.

After hearing such an address every
one should have more appreciation,
should have more generosity, more
charity, more respect for their family
physician.

The Ladies Home Journal and Col-
liers Weekly were complimented by
the doctor for the stand taken with
reference to patent medicines, and
warned the public as to the many dan-
gers attending the use of nostrums
whose contents are kept secret. Many
dangers lurk in so-called baby sooth-
ers, all of which contain morphine or
opium in some form. He told of mil-
itaries of the gospel disgracing their
profession and bringing ruin to them-
selves by using and recommending
patent medicines composed largely of
mean whiskey. Many ministers have
become chronic alcoholics without
ever suspecting the cause to be in the
secret nostrums advertised in religious
journals and recommended by leading
ministers.

The people of our community owe a
debt of gratitude to Dr McCormack
for his expose of cheap cut rate doc-
tors, prescribing druggists and self
appointed ignoramuses who defraud
the people and do irreparable damage
to the public and to the medical
profession. The doctors appreciate
the good work being done by Dr McCormack in bringing medical matters
before the public in a true light. God
speed him in the good work until doc-
tors shall receive their just dues and
the public be so educated as to be able to
prevent the spread of all contagious
and infectious diseases. The doctor
will return sometime in the future to
give another lecture when he will be
greeted by an immense audience.

Retrospective.

Backward, turn backward, oh time in your flight; feed me on gruel again just for tonight. I am so weary of sole-leather steak, petrified biscuit and vulcanized cake; esters that sleep in watery bath, and butter as strong as Goliath of Gath. Weary of paying for what I can't eat, chewing up rubber and calling it meat. Backward, turn backward, how weary I am; give me a swipe at grandmother's jam. Let me drink milk that hasn't been skimmed; let me eat butter whose whiskers have been trimmed; let me once more have an old-fashioned pie, then I'll be ready to curl up and die.

Swine Tuberculosis.

Volumes might be said and written on swine diseases, but there is one ailment that deserves particular mention at this time, and that is swine tuberculosis.

In most cases this plague is not discovered until the carcasses come under government inspection,

and then the infected hogs have to be destroyed.

Of course, this throws the loss on the buyer, but many leading buyers say that such losses will

soon be thrown back on the seller.

This disease is said to be caused many times by feeding to hogs the dead bodies

of cattle, horses and other animals.

The dangers from swine tuberculosis can, no doubt, be greatly lessened if breeders

and feeders will take the matter in hand at once.

It is simply another case where the proper sanitary methods become absolutely necessary in profitable hog raising.—Ex.

What it Costs to Raise Tobacco.

An exchange thinks there is more

money for the farmer in wheat at \$1

per bushel than in tobacco at \$200 per acre, considering the labor and drain

on the land and the difference in the

cost and methods of producing the two crops.

Wheat it is pointed out is eas-

ily and quickly put in the ground, and

then there is no more labor or trouble

with the crop until the harvest and

threshing season, which with modern

methods is a light and comparatively

cheap job.

In contrast is the month of hard la-

bor and drudgery and exposure to all

sorts of weather and heavy outlay for

help and hand hire, and the quick ex-

haustion of the soil in the production

of tobacco. After summing up the ex-

penses and receipts of a heavy yielding

tobacco crop the profit is placed at not

more than \$30 per acre.

That's about the correct figure, and when you read

such big money being made in grow-

ing tobacco, just set it down as coming

from sources not posted as to the cost

in money, soil, labor and back grease

of a tobacco crop.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey, of 322 Clinton St., Minneapolis, Minn., was tortured by sciatica.

The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chambord's Palm Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle effected a permanent cure.

If troubled with sciatica or rheumatism why not try a 25 cent bottle of Palm Balm and see for yourself how quickly it relieves the pain? For sale by R. E. McRoberts the reliable druggist at Lancaster.

A big corn deal was recently made in Henderson county, 150,000 bushels of corn was bought at 50 cents per bushel by A. Walles & Co., of Henderson. Six or seven parties disposed of their entire crops.

Mrs John Goodman, of Todd county, has this season sold 27 eggs laid by one of her prize hens, and 26 laid by another of the famous fowls, at one dollar each. Besides these her sales of other turkey eggs aggregate over \$200 for the season.

W D McIntyre, of Millersburg, sold to Roxie Davis 17 cattle averaging 1,120 pounds at 5 cents per pound, and also 13 averaging 1,010 pounds to Ben Woodard, Jr., at same price. Mr Mcintyre was in Paris Friday and received about 4,500 pounds of wool from farmers around Paris, which cost from 25 to 30 cents per pound.

The American Tobacco Company closed its purchase of 1905 burley tobacco at Mt Sterling. J N Hisle, the buyer, purchased about 4,200,000 pounds, nearly all of which was raised in Montgomery county. The price paid averaged eight cents, making a total of \$330,000 which was paid out to the farmers by the American Tobacco Company alone. Local buyers secured 983,326 pounds at an average price of nine cents, making the grand total for the 1905 crop in that county over \$410,000.

Talking on the future of the hog market Charles Goepper, a prominent Chicago buyer, said: "Last fall I was a bear in common with hog buyers all over the country. We were wrong simply because we could not detect an abnormal demand. I do not look for material lower prices during the summer. We are entering the summer packing season with every condition favoring the grower, but my advice to country speculators is to avoid buying the market. Contracting hogs for summer delivery at 6 cents dangerous. While prices have ruled high all winter speculators have not had a profitable season and practically all the money has gone to the grower. I look for a normal summer run of hogs and it is up to the consumer to maintain prices. A factor in summer marketing will be the fall farrowed pig and after June we may look for that crop."

Misses Bettie Broaddus and Rosa Durkin, accompanied by John Anderson and J Mott Rothwell were in Cab Orchard Sunday.

Burdett Arnold left last week for Benton Harbor, Michigan, where he has accepted a position with his uncle, Mr S A McDermott.

Mrs M A Archer and children, of Jellico, Tenn., who was called to the bedside of her sister, Mrs Nevins, of Parksville, are visiting her brother, R L Underwood, in this city.

Edd Williams, who has attended the past session of Kentucky Classical and Business College of North Middle town, Ky., is spending the week with a classmate attending the conclave in Paris.

Judge M C Sandly, of Stanford, was here several days ago looking after some legal matters. The judge has a legion of friends in Garrard. There is no more deservedly popular gentleman in the state.

Lexington Herald: Miss Bessie Mae Lear, of Lancaster, who is on her way home from the Conservatory of Music at Cincinnati, is stopping with her uncle, W T Woolford, on High street, to attend the exercise of Hamilton College.

Indianapolis News: "The marriage of Miss Nelle Anderson and J E Voris, of Lexington, Ky., took place this afternoon at the home of the bride's sister, Mrs Mary Harris. Only a few friends were present for the ceremony which was performed by the Rev Frank C Hood, of the East Washington street Presbyterian church. The bride wore her traveling costume of gray cloth, with hat to match. Mr and Mrs Voris will leave this evening for a bridal trip and will be at home in Lexington after June 1st. The bride is the daughter of Mr and Mrs Alex Anderson, one of the oldest and most highly respected families in Garrard county. She left Lancaster when quite small to reside with her sister, Mrs Harris.

Invitations have been issued to the marriage of Miss Theo Hemphill and Dr A Jackson McNeese, the wedding to take place at the home of the bride's parents, Judge and Mrs J C Hemphill, in this city, Saturday afternoon, June 2nd, at two o'clock. After the ceremony, the couple will take the afternoon train for a trip to the Eastern cities, remaining for two weeks before returning to Lancaster. Miss Hemphill is one of the most attractive and popular girls in Lancaster's social set, beloved by old and young alike for her sweet manners and captivating disposition. For the past year she has had charge of the music class at Madison Institute, Richmond. Dr McNeese is a young physician of ability and has a bright future. He located in Lancaster some time since, and built up a good practice. Recently he decided to locate in Bowling Green, and has been in that city since leaving Lancaster.

Underwood.

Mrs Elliza Underwood Nevius died at her home at Parksville, Saturday morning May 12th at eight o'clock after a short illness of that dreadful disease, tuberculosis. She was the youngest daughter of James Underwood deceased and a sister of R L Underwood of this city. She was married three years ago to James Nevius of Parksville. She was a consistent member of the Baptist church and was ready when death summons came. Angels hovered over her dying form and she told her loved ones they were singing "Jesus, Lover of my Soul."

She said the Lord had called her and though it was hard to leave her little ones, she was resigned and bade all meet her in heaven. She leaves a husband, two small children, a mother and loving brothers and sisters to mourn her loss. Weep not dear ones for "Blessed are the dead, who die in the Lord."

"Thou'ret gone, the abyss of heaven hath swallowed up thy form, yet, on my heart, deeply hath sunk the lesson thou hast given, and shall not soon depart." Resquet in Pace.

Not If as Rich as Rockefeller.

If you had all the wealth of Rockfeller, the Standard Oil magnet, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened is pleasant to take. Every family should be supplied with it. Sold by R E McRoberts the reliable druggist at Lancaster.

NABOTH, JR.

Naboth, Jr., is a rich red bay, six years old and full 16 hands high, weighs 125 pounds, and is a horse of wonderful beauty, having a long, rangy neck and carrying a fine tail. He is a perfect gaited horse with superb all round action and like all sons of old Naboth he has great natural speed in harness and a greater racing horse can not be found. In the State of Kentucky, I have been a dealer in fancy horses for ten years, furnishing them for all the markets in this country and I am anxious to encourage the breeders of horses to continue to raise better ones. As is easily known, there is a scarcity of good horses, and those suitable for the Eastern market are getting fancy prices. Many horses are said to be "Naboth out" horses they must take the market to the right kind of horses. Naboth, Jr., beyond all doubt, is a horse that will produce that type of horses that the market demands, and for which the public is willing to pay high prices. I purchased this great young stallion at a fancy price because he has size, style, action, beauty and breeding.

If I begets like you can get the right kind of horses by breeding to Naboth, Jr. You will note that this stallion has the blood of Old Naboth, Hambletonian 10, Old Messenger Chief, Red Wilkes, George Wilkes, Maunbridge Chief, Plot Jr and Harry Clay.

PEDIGREE.

By Naboth, 10000 2-12-1 He, Washington, 2166, sire of Latitude 24-1/4 and several others in his line. Washington by George Wilkes.

Old Naboth's first dam, Thistle by Messenger Durrock 106, son of Hambletonian,

Second dam, Boss, sister to James Howell, Jr. by Hambletonian. Third dam, Jessie Sayre by Harry Clay 45, Fourth dam, by Liberty, son of Lance, by American Eclipse.

Naboth, Jr.'s First dam by Messenger Chief, Jr. by Old Messenger Chief. Second dam by Grit Davis, by Red Wilkes, Third dam Thoronghbred.

Naboth, Jr. will be kept during the season of 1906 at my stable in Lancaster, Ky. and will be permitted to serve mares at the very low price of \$15.00 to insure a living colt. I am prepared to care for stock from a distance at reasonable prices but no responsibility assumed for accidents or escapes of stock committed to my care.
